PROFESSIONAL SUMMARY

Identity & Access Management (IAM) Analyst with 5+ years securing enterprise healthcare environments through user lifecycle management, provisioning, access governance, and audit-ready controls. Hands-on with SailPoint IGA, One Identity Manager, Active Directory, and Entra ID / Azure AD, with Privileged Access Management and RBAC experience across cloud and on-prem systems. U.S. Navy veteran, Licensed Practical Nurse, and holder of 20+ security certifications, including the SailPoint Identity Security Leader credential, CompTIA Security+ and CySA+ (CE renewal in progress), and ISC2 Associate status (SSCP exam passed).

TECHNICAL SKILLS & CORE COMPETENCIES

IAM & IGA: SailPoint Identity Governance & Administration (IGA), One Identity Manager, Active Directory (AD), Azure AD / Entra ID Admin Center, role-based access control (RBAC), attribute-based access control (ABAC), joiner-mover-leaver (JML) lifecycle, entitlement management, SSO/MFA concepts

Identity Operations: User provisioning & deprovisioning, access request fulfillment, access reviews & recertification, least-privilege enforcement, segregation of duties (SoD), audit evidence & reporting, process documentation/SOPs

PAM & Governance: Privileged Access Management (PAM), privileged account administration, access governance, compliance controls, audit readiness, identity data quality & hygiene

Platforms & Systems: ServiceNow, Imprivata, Voalte Admin Console, Citrix Workspace, Infor Lawson (PeopleSoft), Microsoft 365 / O365 Admin Center, IBM AS400, Active Directory, Azure AD

Security & Compliance: SOX, HIPAA, GDPR, NCQA, NIST-aligned controls, least privilege, cybersecurity best practices, regulated / healthcare environments

Scripting & Reporting: PowerShell (working knowledge), SQL fundamentals, Excel (pivot tables, lookups, filters), data analytics & reporting (Google / IBM Data Analytics)

Languages: Persian/Farsi (Intermediate), Russian (Basic)

PROFESSIONAL EXPERIENCE

IAM Analyst ISep 2025 – Jul 2026

Novant Health

- Manage core Identity & Access Management (IAM) operations — user lifecycle management, role-based access control, and data integrity — across a large enterprise healthcare network.
- Completed advanced SailPoint Identity Governance & Administration (IGA) training; support automated provisioning, compliance controls, and access certifications.
- Administer and configure application permissions, aligning access with organizational security policy and clinical workflow requirements.
- Resolve identity and access issues through ServiceNow and documented SOPs, supporting timely, audit-ready access changes.

IAM Security Analyst2022 – Sep 2025

New Hanover (Novant Health) via TEKsystems

- Performed regular user access audits across enterprise systems to enforce least privilege and maintain compliance with corporate security policy.

- Partnered with technical and clinical teams on provisioning and directory integrations for Voalte, Imprivata, Citrix Workspace, Dimensions, One Identity Manager, and Active Directory.
- Contributed to Privileged Access Management (PAM) initiatives and optimized access-request processes before and after high-stakes migration go-lives.
- Delivered technical training and documentation to end users and coworkers to drive adoption of new access processes and IAM platforms.

Tier 3 Analyst (IAM Security Analyst)2021 – 2022

Billings Clinic

- Served as a primary technical escalation point for enterprise identity and access management operations.
- Managed administration, user provisioning, and role governance within the SailPoint IGA platform and ServiceNow.
- Oversaw daily administration across Microsoft O365 Admin Center, Azure Active Directory, Infor Lawson (PeopleSoft), Voalte Admin Console, and Imprivata.

IT Triage / Tier 1 Support (IT Associate)2019 – 2021

Billings Clinic

- Provided overnight and weekend Service Desk coverage for a major healthcare facility, triaging complex technical issues under tight timelines.
- Executed daily IBM AS400 backups and maintained SmartCall Coastal pager support networks.
- Provisioned, imaged, and deployed clinical medical devices; delivered dedicated floor and phone support across medical units.

ADDITIONAL EXPERIENCE

Cyber Security Intern2018 – 2019

Mossé Cyber Security Institute

- Practical experience in cybersecurity operations, threat analysis, and risk management frameworks.

Licensed Practical Nurse (LPN) — Healthcare & Clinical2008 – 2019

Various Facilities (Hospice, Geriatric, LTC, Acute, Mental Health, Correctional)

- Delivered patient care across hospice, geriatric, LTC, acute, mental health, and correctional settings under NCQA standards.

Hospital Corpsman (HN) — USS Portsmouth (SSN-707)Military Service

U.S. Navy — U.S. Military Veteran (DD214 available)

- Provided medical care and operational support in a submarine environment.

EDUCATION

B.S. in Cybersecurity — Western Governors University | In Progress — 129 credit hours completed

Diploma in Nursing (LPN) — Chester Career College | 2014 – 2016

A.A.S. in Pharmacy Technician — Richmond School for Science & Health Technology | 2013 – 2014

CERTIFICATIONS & LICENSES

ISC²: Associate of ISC² (passed SSCP exam); Certified in Cybersecurity (CC), 2023 — renewal in progress

CompTIA: Security+ (2020), CySA+ (2023), Network+ (2021), A+ (2019); CSAP & CSIS Stackable Certifications — CE renewal in progress

SailPoint: Identity Security Leader Credential (2025) — current

Cisco: CyberOps Associate (2021); CCNA coursework (Introduction to Networks; Enterprise Networking, Security & Automation)

Linux Foundation: LFS203 Linux for Cloud Technicians, LFS207 Linux System Administration, LFS253 Containers Fundamentals, LFS258 Kubernetes Fundamentals, LFS261 DevOps & SRE

Other: LPI Linux Essentials, MITRE ATT&CK (AttackIQ), Google Data Analytics, IBM Cybersecurity Analyst

Healthcare: Licensed Practical Nurse (LPN — Active), CPHT Pharmacy Technician (Lapsed)
